

PE AND SPORT PREMIUM FUNDING FOR PRIMARY SCHOOLS

If your school receives [PE \(physical education\) and sport premium funding](#), you must publish:

- how much funding you received
- a full breakdown of how you've spent the funding or will spend the funding
- the effect of the premium on pupils' PE and sport participation and attainment
 - how you'll make sure these improvements are sustainable
-

Ark Ayrton PE Sports' Funding 2016/17

Introduction

Ethos

One of the main aims for Ayrton's sport funding is to ensure that there are no financial barriers to healthy living and sport. We want every child to be able to develop their life skills, confidence, fitness and to find enjoyment in a range of PE activities – both indoor and outdoor. As a seaside town, we place great importance on teaching our children to swim and develop a sense of water safety.

Context of our Academy

Ark Ayrton Primary Academy is a large primary school situated in Portsmouth. The school has capacity for 375 pupils in addition to a local authority funded Nursery (56 pupils). The school is situated in the heart of the City and is located in one of the most deprived areas in the country.

The school is organised into 14 classes plus two Nursery classes (1 x am and 1 x pm).

Pupil Premium & Deprivation Indicators

Eligibility for Pupil Premium in Years R-6 is 56.4% above the national average of 26.4%.

SEND

18% of our pupils are on the SEND register; above the national average 15.4%. The percentage of pupils with statements, 2% is below the national average of 2.8%.

How we are spending the money

Year 6 residential, Isle of Wight, part contribution

We are aware that many of our pupils have limited experiences of outdoor activities and any opportunity to explore other locations away from home. The residential promotes outdoor activities such as orienteering and develops life skills and team building opportunities.

Swimming Provision

- All children in school from Years 3 – 6 have an opportunity to develop their swimming skills at Charter Academy over the course of the year.
- We have enhanced pupils swimming experience by taking them to a specialist provision. This has involved additional costs: hire costs, or providing swim teachers rather than just relying on class teachers to teach.
Teachers accompany the pupils to ensure that they are also learning from specialists swimming teachers.
- As an extension to this we offer the opportunity to groups of children to participate in after school swimming club.

Lunchtime and After school Clubs

- We want to give children opportunities to experience sports they would not be offered as part of the school curriculum or benefit from specialist teaching of games and dance. We intend to run a boxing club at lunchtimes and after school dance and games clubs. These will develop children's life skills, confidence, control and healthy lifestyle.

Race for Life

- Pupils participate in the sponsored Race for Life and during that week school will provide ingredients for pupils to either take part in a healthy breakfast or healthy cooking lesson as part of the "change for life" initiative. This will develop children's confidence, local community links and contribute towards a healthy lifestyle.

Offsite Sports Events

- To provide experiences for Year 2 and Year 5 pupils with a focus on enrichment and extending skills, for example day visits to an activity centre, eg Sailing Centre or Fort Purbrook Activity Centre.

Equipment

- It is anticipated that any requirements for PE equipment, including play equipment this year will be made using the PE grant

Staff Training

- Four members of staff to attend an Outdoor Education Course. This will improve quality of sports provision for pupils and an increased number of staff with sporting experience to enrich the children's experiences

Impact

- The Year 6 residential promotes outdoor activities such as orienteering and develops life skills and team building opportunities. Many of our children experience living away from home and visiting a different location for the first time and the residential visit encourages children to think and act independently alone as well as part of a team and engage in activities that take them outside of their comfort zone.
- Children participate in swimming lessons on a half termly rota, working through all classes from Years 3 – 6 giving them opportunities to receive quality swimming lessons in a purpose built facility in order to develop swimming skills essential for pupils living in a seaside town. The after school swimming club extends this provision and a maximum of 12 children per term from alternative year groups extend their swimming skills.
- Some children experience difficulties in controlling their emotions and the introduction of a non contact boxing club which builds on skills of discipline, self control and fitness will benefit identified children. After school clubs in dance and games give both boys and girls the opportunity to learn new skills and build on skills taught through the curriculum.
- All pupils are involved in the Race for Life charity event. They plan for the event, take part in a healthy breakfast and then run for various distances dependent upon their age. This develops children's confidence, their understanding of the need for a healthy lifestyle as well as understanding the purpose of charitable events.
- Children in Year 2 and Year 5 attend a day at an activity centre. They experience a variety of challenges throughout the day and participate in sporting activities which are not normally offered by the curriculum.
- Four teachers receive up to date training for offsite activities giving the confidence and skills to take their children on a wide range of activities.

- Children engage in games during lunchtimes and break times, these are often led by members of the support staff and mid day supervisory team. Play is enhanced by the availability of exciting resources and equipment.

Summary of Expenditure

Amount of funding 2016/17 £9470	
Carried forward from 2015/16 £0	
Total £9470	
Year 6 residential	£2500
Swimming	£3250
Offsite Enrichment	£2000
Race for Life	£500
Staff Training	£1000

Lunchtime and After School Clubs	£2000
Equipment	£1000
TOTAL	£12,250

Reviewing and Improving our Sports Offer
We will review the quality of the sports offer provided at Ark Ayrton Primary Academy on an annual basis.
